Re: **Report on Adverse Litigation**
Ohio University
FCC Registration No. 0005012729

Dear Ms. Dortch:

On behalf of Ohio University (the "University"), and pursuant to Section 1.65(c) of the FCC's rules, we submit herewith in duplicate a Report on Adverse Litigation. The University is the licensee of the following noncommercial educational broadcast stations: WOUC-TV, Cambridge, OH (Facility ID No. 50141), WOUC-FM, Cambridge, OH (FIN: 50142), WOUB(AM), Athens, OH (FIN: 50145), WOUB-TV, Athens, OH (FIN: 50147), WOUB-FM, Athens, OH (FIN: 50149), WOUC-FM, Zanesville, OH (FIN: 50140), WOUC-FM, Chillicothe, OH (FIN: 50143), and WOUL-FM, Ironton, OH (FIN: 50146).

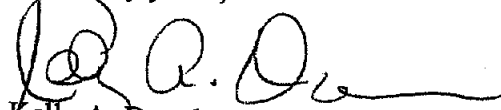

An adverse ruling was issued against the University in December, 2005 in *Lipset v. Ohio University* (Ohio Civil Rights Commission Complaint No. 9516). The case involved an age discrimination claim filed by a professor in the University's Engineering Department who alleged that he was denied tenure and promotion due to his age. The adverse finding came in a retrial of the case after the University's appeal of the Civil Rights Commission's initial findings resulted in a determination in the University's favor by an Administrative Law Judge. On December 15, 2005, upon reconsideration, the Civil Rights Commission ordered the University to offer the complainant a tenured position and provide related monetary compensation. The University is currently appealing the Civil Rights Commission's findings and is engaged in settlement negotiations with the complainant.

This filing is made out of an abundance of caution. The University does not believe that this matter involves conduct bearing on its FCC licensee character qualifications. The University also notes that this adjudication, which it is appealing, did not involve its broadcast stations, operations, or employees. The University is a large state institution of higher education and, from time to time, is subject to adjudication that is wholly separate from its broadcast operations and FCC qualifications. Accordingly, the University respectfully submits that this matter has no bearing on its stewardship of its broadcast stations.
